Plant Manager Recommended Salary

Source: LaborIQ proprietary ATILA® Technology

Recommended Salary Range: \$98,306 - \$108,654

The median salary for the "Plant Manager" job title in Dallas-Fort Worth-Arlington, TX is \$93,844. Based on the criteria selected with 4 - 6 years experience and Associate's Degree (or other 2-year degree), the recommended salary is between \$98,306 and \$108,654.

Talent availability for the "Plant Manager" job title, matching your criteria in Dallas-Fort Worth-Arlington, TX is in significant short supply. Consider boomerang employees or recruiting from other metro areas to fill vacancies in this role. Non-traditional benefits may help attract talent, if your budget is below the recommended salary range.

Why It Matters

The median salary for the "Plant Manager" job title has increased by 8.8% compared with the same time last year. Based on the criteria selected, you can expect to pay 10.0% more than the current median salary. Expect salaries to remain steady through the next four quarters.

It is currently a job candidate's market and will remain that way even as talent supply will remain steady through the next 4 quarters.

Skills & Job Responsibilities

Job Responsibilities

Increase production, assets capacity and flexibility while minimizing unnecessary costs and maintaining current quality standards.

Allocate resources effectively and fully utilize assets to produce optimal results.

Develop systems and processes that track and optimize productivity and standards, metrics and performance targets to ensure effective return on assets.

Address employees' issues or grievances and administer collective bargaining agreements.
